World history or global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

The economic history of World War I covers the methods used by the First World War (1914-1918), as well as related postwar issues such as war debts and reparations. It also covers the economic mobilization of labor, industry and agriculture. It deals with economic warfare such as the blockade of Germany, and with some issues closely related to the economy, such as military issues of ...

In A Brief History of the World, you'll apprehend "the big picture" of world history from the invention of agriculture in the Neolithic era to the urbanized, technological world of the 21st century. It's a compelling overview of the human experience presented by an award-winning teacher, Professor Peter N. Stearns.

You'll examine and compare the peoples, cultures, and nations of Europe, Asia ...
