

14th Annual Demographia International Housing Affordability Survey (2017: 3rd Quarter) B We agree. Apart from the median multiple being simple and useful, it is also the only measure out there for purposes of international comparison.

Demographia International Housing Affordability Survey: 2018

As the types of skills needed in the labour market change rapidly, individual workers will have to engage in life-long learning if they are to achieve fulfilling and rewarding careers. For companies, reskilling and upskilling strategies will be critical if they are to find the talent they need and to contribute to socially responsible approaches to the future of work.

Towards a Reskilling Revolution | World Economic Forum

McKinsey estimates AI techniques have the potential to create between \$3.5T and \$5.8T in value annually across nine business functions in 19 industries.
