If you are tempted to bid for radio related publications in an online auction, check with us first. It's likely we will also be bidding for that same publication. If we win, you will have a nicely scanned PDF to read at no cost. We can also split the cost and you can receive the actual magazine after scanning.

THE HISTORY OF RADIO documented in thousands of PDF books

Television (TV), sometimes shortened to tele or telly, is a telecommunication medium used for transmitting moving images in monochrome (black and white), or in colour, and in two or three dimensions and sound. The term can refer to a television set, a television program ("TV show"), or the medium of television transmission. Television is a mass medium for advertising, entertainment and news.

Television - Wikipedia

Who While it primarily targets journalists and aid providers, the handbook can be used by anyone. Its advice and guidance are valuable whether you are a news journalist, citizen reporter, relief responder, volunteer, journalism school student, emergency communication specialist, or an academic researching social media.

2 Instructor's Guide to Lab No. 1 2 B. A holographic diffraction grating is a transmission phase delay grating which produces a very bright first order image (energy transmitted to the zero order is

Introduction to the Electromagnetic Spectrum

1940 - With the advent of the War in Europe, by June 1940, the US invoked the Telecommunications Convention prohibiting US amateurs from contacting hams outside the USA. Also all portable and mobile operation below 56 MHz was banned. All licensees were required to send a set of fingerprints, a photo, and proof of citizenship to the FCC.

Amateur Radio History - AC6V

Radio Electronics Pages. General information. The laws regarding the use of the radiospectrum are actually fairly uniform, and established by international treaty, for the obvious reason that radio signals do not respect international borders.
