Preface. This introduction to R is derived from an original set of notes describing the S and S-PLUS environments written in 1990<sup>2</sup> by Bill Venables and David M. Smith when at the University of Adelaide. We have made a number of small changes to reflect differences between the R and S programs, and expanded some of the material.

For example, let's say you are documenting a digital alarm clock (public domain photo courtesy of Wikipedia Commons).. A Functional Manual would talk about the functions of all the 6 buttons that you see on top this clock. It will tell you how the clock will behave when you click or push them, etc. It will describe the ACTION (e.g., clicking) and its EFFECT (e.g., the numbers blinking).

All images are original photos or scans taken by me. In the rush to be always modern and up to date, the first thing we discard is old computer books, manuals, and documents (not to mention old computers). By now the world is so dependent on computers and networks that all commerce would cease if ...
