The Digital Youth Network is, at its core, a design-based research project. The research team works with  
DYN mentors, students, families, and other practitioners to better understand the impact of DYN initiatives  
and learning environments on youth, educators, organizations, and communities, identifying critical practices  
and informing iterations of the DYN model.

History. Prior to 1900 in Australia, charitable assistance from benevolent societies, sometimes with financial contributions from the authorities, was the primary means of relief for people not able to support themselves. The 1890s economic depression and the rise of the trade unions and the Labor parties during this period led to a movement for welfare reform.
