Mulatto (/ m j u˕ Ë^ I æ t oÊŠ /) is a term used to refer to people born of one white parent and one black parent, or from two mulatto parents. In English usage, the term is today generally confined to historical contexts; modern English speakers of mixed white and black ancestry seldom choose to identify themselves as mulatto.

Bitcoin is a cryptocurrency, a digital asset designed to work as a medium of exchange that uses cryptography to control its creation and management, rather than relying on central authorities. The presumed pseudonymous Satoshi Nakamoto integrated many existing ideas from the cypherpunk community when creating bitcoin. Over the course of bitcoin's history, it has undergone rapid growth to ...

This part of the globalissues.org web site looks at the conflict in the Democratic Republic of Congo. Media coverage is poor and yet there have been millions of refugees and over five million killed since the war began around August 1998. Yet the rich country leaders and their media drew everyone's attention to 2000 ethnic Albianians being killed in Kosovo (to gain support for a war there).

Racism is the belief in the superiority of one race over another, which often results in discrimination and prejudice towards people based on their race or ethnicity. As of the 2000s, the use of the term "racism" does not easily fall under a single definition. The ideology underlying racism often includes the idea that humans can be subdivided into distinct groups that are different due to ...
